Half dollar size hail fell north of Paxton near I-57.

Scattered thunderstorms developed over portions of central Illinois, including a cyclic supercell that produced large hail and damaging winds.

INDIANA, Northwest

BENTON COUNTY 9.0 E LOCHIEL [40.66, -87.10], 9.1 E LOCHIEL [40.66, -87.10]				
05/20/17 18:34 EST	0	Tornado (EF0, L: 0.57 mi , W: 50 yd)		
05/20/17 18:35 EST	0	Source: NWS Storm Survey		

Spotter reports as well as video footage confirm a tornado touched down near the Benton/White county line and tracked northeast into White county. The tornado remained over open fields in Benton County; however, some minor damage was noted on the northeast corner of a property on N CR 1200 E (east side of the Benton/White Co Line) south of W CR 600 S. A small boat on a trailer was flipped with a small tree being uprooted and small outbuilding destroyed. Wind speeds are estimated at 75 mph, but may have been higher as the strongest winds likely remained over the open fields.
